How to get started

The Department of Pediatrics Social Media Toolkit includes resources that faculty members and trainees can use to start their own social media accounts and guidance on how to share work as health care providers or researchers.

START POSTING NOW

Announce Your Attendance

Share what and where you will be presenting.

Tag Relevant People

Connect with people inside and outside your network.

Share Real-Time Insights

Give shout-outs to presentations you liked and things you learned.

Use Relevant Hashtags

Use #WiscAtPAS and #PAS2025 to connect with more people.

Follow Pediatric Academic Societies

Re-share content from other providers and researchers in attendance. Use #PAS2025 in your posts, and @PASMeeting might share your content.
